French - Native  
English - School level

# PROFILE

Former restaurant director transitioning into no-code automation. Passionate about AI and intelligent workflows, I design solutions that automate business processes and save time. Core stack: n8n, Make, Claude Code, Claude API, Google Workspace.

## KEY ACHIEVEMENTS

### Time Tracking System - ENTEGRIS SAS

2026

Replaced a manual Excel process for 25 employees with a fully automated system.

[n8n](#) | [Google Sheets](#) | [Google Forms](#) | [Looker Studio](#)

- Automated time entry, calculation and tracking
- French labor law compliance monitoring
- Real-time dashboard with Looker Studio

### NightWatch - Fatigue Dashboard

2026

Fatigue management web application for night shift workers.

[Claude Code](#) | [Vercel](#) | [Supabase](#)

- Full fatigue tracking and alerting interface
- Supabase backend with authentication
- Deployed to production on Vercel

### DealPulse - CRM Analytics

2026

CRM analytics platform for deal tracking and sales performance.

[Claude Code](#) | [Vercel](#)

- Interactive sales analysis dashboards
- Pipeline visualization and KPI tracking

### Personal Telegram Bot Assistant

2026

Intelligent voice assistant integrated with Telegram via n8n.

[n8n](#) | [Claude Haiku](#) | [Google Calendar](#) | [Telegram API](#)

- Smart request processing via Claude Haiku
- Google Calendar integration for scheduling

### Daily AI News Digest

2026

Automated workflow for AI news aggregation and summarization.

[n8n](#) | [NewsAPI](#) | [Claude API](#) | [SerpAPI](#) | [Gmail](#)

- Automatic AI news collection, analysis and summary
- Formatted HTML email sent daily
- Hosted on Hostinger VPS (self-hosted n8n)

## EXPERIENCE

### Restaurant Director - Healthcare Facility

2024 - 2026

- Full operational management of food service operations
- Team management, scheduling, procurement
- Expertise in high-pressure environments and compliance

## EDUCATION

### BTS - Retail Management

Ongoing training: Claude Code, n8n, Make, APIs
